

YMCA of Greater Grand Rapids

Q: In convenient kidzone hours. School gets out at 3:15pm and kidzone doesn't open until 4:30pm. There is nothing /nowhere for the kids during this time.

Q: The daycare used to open at 8. it would be nice if it did again.

A: The YMCA monitored gate usage for the Kid Zone over the past few years before changing our hours. Our previous usage indicated that highest usage began at 8:30 am and mid afternoon hours were not as popular. We are tracking requests, such as yours, in an effort to continue to monitor the need of our community and should we find there is a large change in trends and request we would always consider that as we define our hours in the future.

As always we appreciate your ideas and concerns. If you have any other questions or comments always feel free to ask!!
